

INBRED MAIZE LINE PH3RC

Mark David Hoffbeck

Abstract

5 An inbred maize line, designated PH3RC, the plants and seeds of inbred maize line
PH3RC, methods for producing a maize plant, either inbred or hybrid, produced by crossing
the inbred maize line PH3RC with another maize plant, and hybrid maize seeds and plants
produced by crossing the inbred line PH3RC with another maize line or plant and to methods
for producing a maize plant containing in its genetic material one or more transgenes and to
10 the transgenic maize plants produced by that method. This invention also relates to inbred
maize lines derived from inbred maize line PH3RC, to methods for producing other inbred
maize lines derived from inbred maize line PH3RC and to the inbred maize lines derived by
the use of those methods.
